Vice Presidents

6(b) **Sir Andrew Motion**

6(c) **Christine Drury***

Supporting Statement - Christine Drury

Christine Drury has worked as a volunteer with CPRE for 15 years since her retirement from senior marketing and environmental communications roles at Unilever.

A long time member of CPRE she got involved in 2004 as a member of her local district in Ashford in Kent, as the borough grappled with a government instruction to double its size, developing a compact development plan to do so without destroying its countryside setting. She was also became SE Regional Chair, working with the eight SE Region branches when statutory regional planning operated between 2004 and 2009. She became a vice chair and then chair of CPRE Kent stepping down after a 5 year term in 2018. She was concurrently also appointed a national trustee and deputy chair until 2019.

Christine is honoured to be considered as vice president at this time of CPRE's evolution. She remains involved at the grassroots as chair of the CPRE Ashford District, working in partnership with parish councils and green spaces groups as NPPF driven development crowds out much valued countryside. Christine believes that forging partnerships at national and local level that use CPRE's unique insights

and strengths in planning are as important now as they ever have been, with a role for vice presidents as part of that campaigning.

Christine is also a parish council chair; and trustee of the Thames Water Trust Fund providing money advice grants, and a trustee other local and national charities.
